- Encourages mindfulness
- Deepens self-awareness
- Deeply relaxes the body
- Reduces stress
- Improves sleep

Restorative Yoga is the centering of your breath and body - aligning the physical and mental by practicing stillness or gentle movement for extended periods of time. The props assist in helping you to hold poses longer. As the name suggests, this style of Yoga "restores" the body to its parasympathetic nervous system function, which in turn, helps the body rest, heal and restore balance.
